

Teaching Assistant Program

Develop Your Financial Modeling Skills

Summary

Marquee is a leading financial modeling firm focused on training and consulting services.

Our training content includes corporate and project forecast modeling, valuation analysis, credit & lending, advanced Excel and data sciences & analytics. For several years, Marquee has led the annual training programs at numerous banks, as well as at various pension funds, corporations and business schools. We have taught thousands of professionals across North America, Europe, Asia and Australia.

We have worked with many companies in a consultancy capacity to develop or enhance their financial models.

When Marquee conducts training programs with a large number of participants, we often elect to bring a Teaching Assistant to help answer questions and/or provide guidance during the hands-on work sessions.
